Where can I find all the information about the insurance plan?

[Desjardins Insurance](#) Website in the Group Insurance box
Université Laval Website: ulaval.ca/healthinsurance

Is participation in the group health and hospitalization insurance plan compulsory?

Yes. You will be billed as soon as an enrollment is registered in your file. Insurance documents will be issued by Desjardins Insurance.

When does insurance coverage start?

If you are a newly admitted student, or a former student who returns after an interruption of studies at Université Laval, your coverage is effective as soon as you arrive in Québec, with no additional premium and according to the terms of the contract: August 15th for the fall semester, December 15th for the winter semester and April 15th for the summer semester.

Sometime during the first few weeks following the start of classes, you will receive an email from the Registrar's Office with the insurance policy number and your personal certificate number that our insurer (Desjardins) issues to you.

With this information, you will be able to access your virtual membership card (also known as a payment card) through the Desjardins member site or through the Desjardins mobile app. You will also have access to phone numbers in case of a medical emergency. For more information, visit the [Enrolling in the health and hospitalization insurance plan for international students](#) Webpage.
